

VIRTUO VIVO™

Intraoral Scanner

Create lasting impressions.

**Clear.
Simple.
Friendly.**

clearcorrect

Proud to accept scans from Virtuo Vivo™.

Ortho for everyone

With an attractive price/performance ratio and smart training options, ClearCorrect makes clear aligners attractive to more dentists and patients.

2006

Founded by dentists, for dentists

Dentist-friendly by nature, ClearCorrect has been listening to dentists and collaborating with them to create solutions they love since 2006.

Quality: born in the USA

Engineered in the USA with care and pride at our Center of Excellence in Texas, ClearCorrect aligners are optimized for stress retention and clarity while resisting stains and cracks.

Service: made a pleasure

Dealing with us is easy-going and uncomplicated. We offer real, human service from fully committed and highly-trained support specialists who go the extra mile to help dentists succeed.

 **dental wings**
A Straumann Group Brand

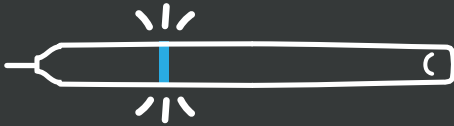

With Virtuo Vivo™, benefit from a seamless integration with ClearCorrect, the aligners that straighten teeth invisibly.

Powder-less capability for full arch scans.*

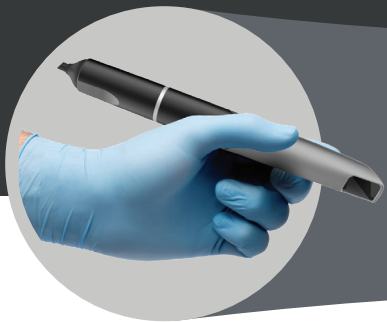

Best intraoral access with one of the smallest and lightest handpieces on the market.

Guiding luminescent ring on the handpiece keeps the focus and attention in the patient's mouth.

Removable tip withstands 250 sterilization cycles and reduces patient turnaround time.

seamless
integration

- 1** Begin a ClearCorrect case on Virtuo Vivo™.
- 2** Enter patient information following the simple ClearCorrect scanning workflow and export.

- 3** Immediately see your pre-populated case on the ClearCorrect portal.
- 4** Complete your detailed orthodontic treatment plan (from any device).
